Eligibility

* indicates a required field

Applicants: please note

Before completing this application form, you should have read the **Collie Futures Industry Development Fund (CFIDF) Guidelines**:

<http://www.swdc.wa.gov.au/funding/collie-futures.aspx>

The CFIDF will be open to applications via a rolling-intake for the four (4) year lifespan of the program subject to availability of funds each financial year. Submitted proposals move through two approval stages before funding is granted.

Stage 1 proposals provide proponents with an opportunity to submit a summary project plan and will be assessed only when they are submitted for evaluation.

Progression to Stage 2 will occur by invitation only based on the merit of the Stage 1 proposal and its evaluation against the CFIDF outcomes. In the second stage proponents must submit an extensive project plan, financial and budget documents, and technical documentation.

Funding decisions will be made based on the suitability of the proposal and the availability of Program funding.

This section of the application form is designed to determine if you are eligible for this grant. It is crucial that you answer the questions below to ensure you do not spend time completing the application if you are ineligible.

If you have any questions regarding the eligibility criteria, please contact **Cate Brooks on 9792 2022** or for assistance with the online grant application process, contact **Christine Mitcheson on 9734 2322**.
